Career Objective

Detail-oriented Data Analyst skilled in Excel, SQL, Power BI, and Tableau with hands-on experience through multiple projects. Seeking an opportunity to solve business problems using data-driven insights.

Skills

Technical Skills:

- Data Cleaning & Preparation
- Data Visualization
- Reporting & Dashboarding

Tools:

- Excel, Power BI, Tableau

Database:

- SQL

Soft Skills:

- Analytical Thinking
- Problem Solving

Projects

Banking Data Analysis Project | Power BI, Tableau, Excel, SQL

View Project: <https://github.com/Vansh-Analytics/Bank-Analysis-Project>

- Analyzed banking and loan dataset to evaluate customer behavior, loan performance, and risk patterns
- Cleaned and transformed raw data using Excel and SQL (joins, aggregations, filtering)
- Built interactive dashboards in Power BI using KPIs, slicers, and charts
- Created visual reports in Tableau using filters and parameters for insights
- Analyzed key metrics such as loan status, default rate, customer segments, and revenue trends
- Provided data-driven insights to support business and credit decision-making
