

VANSH SINGHAL

Data Analyst

+91 8222869241 | vansh.19singhal@gmail.com | www.linkedin.com/in/vansh-singhal-aa8251392/ | [GitHub](#)

PROFESSIONAL SUMMARY

Detail-oriented Data Analyst with hands-on experience in SQL, Excel, Power BI, and Tableau, along with foundational knowledge of Python, R Programming, and Statistics. Completed 9+ months of internship experience, building dashboards and generating data-driven insights. Certified by NASSCOM and IIT Jammu with excellence recognition, seeking to apply analytical skills to support informed business decision-making.

SKILLS

- | | |
|-------------------|---------------------------|
| • Microsoft Excel | • Analytical Thinking |
| • Power BI | • Problem Solving |
| • Tableau | • Data Interpretation |
| • Python | • Attention to Detail |
| • MySQL | • Business Understanding |
| • Statistics | • Effective Communication |
| • R Programming | • Time Management |

WORK EXPERIENCE

Data Analyst Intern

Jul'25 – Apr'26

AiVariant, Bangalore

- Worked with structured datasets to perform data cleaning, transformation, and preprocessing using Microsoft Excel and SQL.
- Conducted exploratory data analysis (EDA) to identify trends, patterns, and key insights from large datasets.
- Developed interactive dashboards and visual reports using Power BI and Tableau to present key business metrics.
- Utilized SQL queries including joins, aggregations, filtering, and ranking functions to extract and analyze relevant data.
- Performed data visualization and KPI development to track business performance indicators.
- Applied Excel tools such as Pivot Tables, VLOOKUP, XLOOKUP, and Power Query for data manipulation and analysis.
- Worked on real-world analytical projects including Bank Loan Analytics and Zomato Data Analysis.
- Generated insights and visual reports to support data-driven decision making and improve understanding of business trends.

PROJECTS

1. Bank Loan Analytics | [GitHub Link](#)

Tools: SQL, Excel (Power Query), Power BI, Tableau

- Analyzed 39K+ loan records to evaluate credit risk and payment trends.
- Performed data cleaning, KPI identification, and SQL-based analysis.
- Built interactive dashboards to monitor loan status, grade-wise risk, and yearly loan distribution.
- Generated insights to support improved lending and portfolio performance decisions.

2. Zomato Data Analytics | [GitHub Link](#)

Tools: MySQL, Excel, Power BI, Tableau

- Conducted end-to-end analysis of restaurant data to identify cuisine, rating, and trends.
- Executed SQL case studies using joins, aggregations, and ranking functions.
- Developed dashboards highlighting city-wise distribution, online delivery trends, and cost vs rating insights.
- Derived actionable insights to support data-driven business decisions.

3. Manufacturing Analysis Project | [GitHub Link](#)

Tools & Technologies: SQL, Microsoft Excel, Power BI, Tableau

- Developed an end-to-end manufacturing data analysis project using SQL, Excel, Power BI, and Tableau.
- Performed data cleaning, preprocessing, and transformation to prepare raw manufacturing data for analysis.
- Used SQL queries to extract insights, analyze trends, and manage manufacturing datasets efficiently.
- Created interactive Power BI and Tableau dashboards for visualizing production performance and operational KPIs.
- Analyzed key metrics such as production efficiency, performance trends, and business insights to support decision-making.
- Built data visualizations including charts, KPI cards, and trend analysis reports for better understanding of manufacturing operations.
- Improved analytical and problem-solving skills through hands-on work with real-world datasets and reporting tools.

EDUCATION

- Data Analyst Course – ExcelR
- BCA – Maharaja Agrasen Institute of Management & Technology, Kuk university
- 12th (Commerce) – S.D Public School, Jagadhri

CERTIFICATIONS

- Certificate of Excellence – ExcelR
- Data Analyst Gold Certificate – IT-ITeS SSC Nasscom
- Internship Completion Certificate – Ai Variant
- Certificate Program in Data Analyst – I3C, IIT Jammu
